FIND IT | PROVE IT | DELIVER IT

OFFER 3 OF 3 · DELIVER IT

Turn AI into results, month by month.

We design your 12-month Data & AI roadmap, take your first use case live, then keep delivering more from the roadmap, reporting the value every month.

PRICE	TIME	START BY
€7,950 + VAT a month	12 months	31 March 2027

THE CHALLENGE

Pilots don't pay; production does. Most AI projects stall between a promising business case and a live system, because nobody owns the plan, the build or the running of it.

WHAT YOU GET

12-month roadmap
What gets delivered, when, and what it's worth

Solution design
Platforms, data flows, security and licensing

Requirements for 5 use cases
Specified and ready to build

Live production solution
Running in your own Microsoft tenant

Value dashboard and report
Hours saved, costs cut, revenue added, quarterly

Quarterly review pack
A board-ready update on value and next steps

Team enablement
Documentation, runbooks and training, so your team owns it with confidence

HOW IT WORKS

1. **Design**
   Kick-off, executive workshop, three use case workshops, technical workshop, playback
2. **Build**
   Your first use case live in production on Fabric / Azure
3. **Run and improve**
   Monitoring, fixes, training and more use cases from the roadmap
4. **Throughout**
   Weekly progress reports and quarterly reviews

WHAT WE NEED FROM YOU

- An executive sponsor for key sessions and reviews
- Business owners for the use case workshops
- A technical contact who can grant access and support as needed
- Access to your Microsoft tenant and Azure subscription
- Users for testing and training

RESULTS WE'VE DELIVERED

Re-Turn, the non-profit behind Ireland's national Deposit Return Scheme, consolidated six reporting layers onto one Microsoft Fabric platform.

~90%
lower per-user licensing costs

70% faster
daily data: 9 hours to 2.5

3 hrs → 18 min
for the key daily report
